

ANNUAL IMPACT REPORT

MORVEN PARK

2019

FROM THE COACH HOUSE

A Message from the Executive Director

On behalf of everyone at Morven Park, thank you. For 51 years, Morven Park has served our community, with 250,000 visitors in 2019. We deliver programs in civics education, nature, culture and history in a stunning backdrop that in itself serves as a natural refuge for relaxation and exercise.

The remarkable property is typically what comes to mind when you think about Morven Park. With our 1,000 acres, from forested ridge to lowland meadows, rushing creeks and quiet ponds, and the spectacular art and architecture in the Davis Mansion, Corbell House, and the Coach House, Morven Park is a wonder for the senses. **This wonder is a haven for the true treasure of Morven Park... its people.** It is the people of Morven Park - those who visit for daily walks, a tour of the Mansion, athletes and students, and our amazing staff - the people of Morven Park make this such a special place.

Morven Park welcomes and has a place for everyone. The Park means something different to each visitor, because we offer such a variety of opportunities for enjoyment of the property. But even with our different experiences of the Park, we are one community. One that values open green spaces, appreciates history, and understands the need to educate our students for a better tomorrow.

Thank you, sincerely, for your role in making Morven Park all that it is today. Together we will continue to grow our programs, improve the property entrusted to us by Marguerite Davis, and preserve Morven Park as a haven for our community for generations.

See you at the Park!
